Thank you for the great job you did on the parking lot. When we first started we didn't know what we needed to have done. How long it would take. Or for that matter what it should cost. After talking with you on the phone I had a sense that Rainier Asphalt was going to be the company to help us.

You worked with us to explain what needed to be done now, and in the future. What we thought might be a full re-do that would take weeks before we could use our parking took a few days. The patching of a few holes was done one day and the sealing on another day and then the new stripping. Everyone here thinks it looks wonderful. I had a couple of concerns after the sealing was done. You took care of that right away.

Thank you again for the great job and the support.
